A MESSAGE from my Superintendent

KONAWA HIGH SCHOOL

Office of
Superintendent

TO THE GRADUATES OF 1942:

I wish to offer my congratulations on your achievement and accomplishment through these early years of your education. Do not, however, look upon this as the end but merely the beginning of a life of constant preparation for greater accomplishment. The future is uncertain and it is only through continuous effort to improve yourself physically, mentally and spiritually that you will be able to meet its demands and make your life count in service to mankind.

There is today a great challenge facing you on all sides. You cannot escape by merely turning your head or closing your eyes. You must be willing to accept the responsibility of your inheritance to become the greatest of all American generations. I am convinced you will meet these demands bravely and intelligently.

I extend to you my best wishes for your future.

Sincerely,

Your Superintendent

SENIOR HISTORY

In September of 1938, 71 of us enrolled as Freshmen, practically all classes do. We were very little nonplussed by our lowly position, in fact, we didn't even know it was lowly. For Freshmen we weren't so bad either. We had an excellent Junior High Basketball team and a fair baseball team. Most of us didn't know we were not in high school until spring and graduation.

Fall in '39 came, and 68 enrolled as Sophomores. Mr. White's English I caused a few to fall by the wayside, and some had gone down in Mr. Wham's Math. Then, too, some had moved away, but these were counter-balanced by new students. We elected officers again, including a treasurer who had little to do, and a vice-president who had even less. Our advancement hadn't helped our dignity much. About 30% still came to meetings through the window. The grade school burned during Christmas Holidays, and the grades breathed down our necks the rest of the year. Our pastime of looking down on Freshmen broadened into looking down on the whole Grade School. Then came spring and we were Juniors.

There were 61 of us as Juniors, counting newcomers. Our ranks were thinned by algebra, some lingered over biology another nine months and some wandered off, never to return. We gave our treasurer more to do then. We presented "Don't Darken My Door" and uncovered a lot of talent and some cash, but we still needed about \$60 for our Junior-Senior Banquet. We used every means short of dark glasses and tin cups but we got it, and our banquet was a "Wow"! It was a Hawaiian affair, complete with grass skirts, artistically filled, and pineapple center pieces which were not, as we discovered later, to be eaten. We had a Prom after, Konawa's first, and got home in the wee hours.

September '41 found us Seniors, and although our ranks have been thinned to about 54, we have 7 football letter men, and 6 men on the baseball team. Our Senior play, "Everybody's Getting Married", made more money than any other has for years. To sum it up, we've been a pretty "classie" class. Anyway, we've had fun.

JUNIOR HISTORY

September 3, 1931 was the day the present Junior Class took their first step on the rocky road of education. It wasn't long, until this remarkable class won recognition by being awarded a painting for perfect attendance.

They traveled this road for eight years before they came to the turn that led to the State of High School. In the spring of '39 sixty-two hardy travelers climbed the steep hill to look down on the peaceful valley harboring the village of Freshmanville. Two of the girls became members of the String Trio, two members of the String Quartet and the boys went out for football.

After nine months residence in that village fifty-four moved on to the road that led to Sophomore Center, the rest of them preferring the easy life of Freshmanville and Practical Math to that of Sophomore Center and Algebra. The life at Sophomore Center was very pleasant in spite of Algebra and the boys and girls in the athletic field were by this time being recognized for their outstanding ability. It was while staying at this pleasant town that some of the girls joined the K. E. Y. Club and the boys became members of the K. K. K. Club.

September '41 found them ready for the journey to that city of the fabulous Junior-Senior Banquet--Junior City. In this city they presented a very successful and hair-raising play. "Drums of Death." They were well represented in the musical organizations and in all sports. The most unselfish decision of all their years of education was when they decided to give up their banquet and buy a defense bond. The Seniors were entertained with a less expensive but just as enjoyable reception, and the Juniors felt much more worthy of the educational opportunities American citizenship offers for having made this contribution to the welfare of our country. Surely such a class will make excellent Seniors of '42!

FOR DEFENSE

Monday, December 8, the student body of Konawa High School was confronted with a new problem. The seriousness of this problem was not fully realized, but, as the days passed, more and more were our thoughts tuned to a situation America has not had to cope with for many years.

As the seriousness was full recognized, our fellow members took a strong grip on the wheel of victory, so that they too might share in the coming triumph.

The following things are evidence that the student and student organizations are ready and willing to do their part to keep and to maintain Freedom and Democracy.

The total amount of saving's bonds and stamps that have been bought by the individual students and faculty of the junior and senior high school is \$1649. 65.

After great thought and sacrifice the junior class bought a hundred dollar bond with the hard earned money that was to be used for the annual Junior-Senior Banquet. The Seniors chose a one hundred dollar bond as their gift to the school.

The F.F.A. Chapter has sold scrap iron and paper. They are also raising chickens for Defense.

The Junior and Senior F.H.O. Chapter has sewed for the Red Cross, while the Homemaking IV class took a course in First Aid. All the girls in the Homemaking Department are planting and raising Defense gardens.

One hundred eighty-three dollars was raised by the Grade and High Schools combined for the Red Cross Drive.

So ends our school year, but not by any means, are we giving up our fight for victory.

- By Helen M. Lenz
